Re: Truck Loader Bin M&RP Permit Amendment, Canyon Fuel Company, LLC, SUFCO Mine C/041/002

Dear Permit Supervisor:

The enclosed eight copies of materials are being submitted to allow construction of a truck loader bin to load coal haul trucks with a front-end loader to help eliminate spillage on top of the truck trailers. Forms C1 and C2 are included showing changes needed in Chapter 5 and the associated Appendix.

Text page 5-46 is being submitted to add the truck loader bin to Table 5-4 Description of Existing Structures list in the MRP. Plates 5-2A and 5-2B have been updated to show the new location of the truck loader bin.

The truck loader bin reclamation costs have been calculated and are attached in the new bond calculation sheet to be included at the back of Appendix 5-9, Vol. 6. The small amount of \$539 is covered in the contingency amount of \$247,751 in our present reclamation bond and would not require recalculation of the entire bond at this time.

Sincerely,

CANYON FUEL COMPANY, LLC

SUFCO Mine
